

Thank you for volunteering!

To do our part to help protect the health of you, our team, and our community, we're following all guidelines and recommendations. Here are a few things you need to know before volunteering. Volunteers like you are the heart of Habitat for Humanity, and we can't wait to see you!

Arrival Time

Worksite check-in runs from 8 to 8:15am. Please wait in your car if you arrive at the worksite before then.

Masks

You will be required to wear a mask on Habitat worksites. If you do not have one, one will be provided.

Tool Safety

We provide sanitized hand tools that will only be used by you. If you bring hand tools, they must be marked and stay with you.

Cleanliness

Handwashing stations and hand sanitizer will be provided. Surfaces will be sanitized throughout the day.

Social Distance

We are limiting the number of volunteers on site to help maintain a healthy social distance while working.

Lunch Safety

Individual volunteers should bring their own lunch. Group lunches must be individually boxed or bagged.

Personal Health

If you are not feeling well or have a temperature of 100.4 or higher, please stay home. Call 330-312-3419 to cancel.
